

Women make up 49.6% percent
of the global population

Women earn 23%
less than men
working in the same
positions

Of those who earn
20 times the
minimum wage, only
19.3% are women

In the UK, 63% of women are
discriminated in the workplace
and 61% of surveyed architects
think the building industry doesn't
accept the authority of a woman

In 35 years of the Pritzker prize, only
two women have been awarded
